

The **Endo** Educational
Organization of Canada

Resource Library: The Endometriosis Summit

"When Dr. Sallie Sarrel, a person with endometriosis and a pelvic physical therapist specializing in endometriosis, and Dr. Andrea Vidali, an endometriosis surgeon with more than 25+ years of experience with excision of endometriosis and reproductive immunology, got fed up with the current state of endometriosis care the result was The Endometriosis Summit...The time to unite is here. Everyone affected by endometriosis, more than 200 million worldwide and everyone who surrounds that 200 million, has a voice. Together let's stop the minimization, myths, and misinformation to change endometriosis for everyone." - The Endometriosis Summit Website

We support this resource because the Endometriosis Summit is excellent at sharing factual information, stimulating important conversations and creating accessible educational opportunities for the endometriosis community. Dr. Sallie Sarrel & Dr. Vidali are making waves in the endometriosis community and we are always so excited for their events. Be sure to check out the Annual Endometriosis Summit, it's an amazing opportunity to fully immerse yourself in education, community and have an absolute blast. You can find more information about the Endometriosis Summit on Facebook, Instagram and the web. You can also find more information about Sallie Sarrel on Facebook, Instagram, Twitter & the web.
